

## INITIATION OF THE COOPERATION WITH ALFRED NOBEL UNIVERSITY DNIPROPETROVS'K, UKRAINE

The 3 to 7 April 2017 representatives of the Faculty of Engineering Management paid a visit at Alfred Nobel University in Dnipropetrovsk, Ukraine, in order to extend the international cooperation between universities. Poznań University of Technology was represented by MSc Eng. Irena Pawlyszhyn and PhD. Eng. Izabela Kudelska. They were invited by the Manager of the Department of Enterprise, Trade and Exchange Activity – Professor Valentina Pavlova.

The program of the visit enclosed:

- conducting classes for the subject „Commercial Logistics”;
- exchanging experience in science and education;
- meetings and discussions with scientists and students of the Alfred Nobel University;
- acquainting each other on the educational programs and the teaching process of the universities.

The visit included also signing a Memorandum of Understanding between both Universities represented by Prof. Dr hab.inz. Tomasz Lodygowski, Rector of Poznan University of Technology and Prof. Dr. Borys Kholod, President of Alfred Nobel University.

The scope of cooperation includes joint research and publications, teacher and student exchange, student and academic meetings.
